

TESTIMONIALS

These are some recent reflections I received from translation agencies:

- “You did some previous translations for the same client, and they specifically requested that you do this one, even if they have to extend the deadline...”
- “Our European associates have just completed their review of your translation and they were very, very happy with your work. They find they need to edit many translations they receive from others, but this one they said was 100% perfect.”
- “I checked the German translation and I must say that the quality is really very good. Your translator is truly a reliable source...”
- “Ronja got the job done almost instantly, with exceptional quality. Hire with confidence!”
- “Ronja has been very cooperative and was able to meet the deadline with above par quality.”
- “It has been an honor to work with someone of her caliber. Ronja is deliberate with her translation tactics and implements with great attention to every detail.”
- “I am humbled to have worked with someone of such high integrity and so committed to our mutual success. A truly great business partner.”
